## TEQUESTA PUBLIC WORKS DEPARTMENT MEMORANDUM

---

To: Michael R. Couzzo, Village Manager

From: Douglas M. Chambers, Public Works Superintendent

Subject: Tequesta Drive Pathway Lighting Project

Date: November 16, 2015

---

The attached agenda item addresses the need for the addition of lighting along the pedestrian pathway on the south side of Tequesta Drive from Country Club Drive heading east to the First Presbyterian Church. The Path is dark yet well used by the Village Residents.

The addition of lighting along the path will enhance not only the safety and security element but add curb appeal as well.

There were several types of lights considered for this project from standard metal halides, solar and LED.

Vice-Mayor Vince Arena  
Council Member Steve Okun

Mayor Abby Brennan  
Village Manager Michael Couzzo

Council Member Tom Paterno  
Council Member Frank D'Ambra

My recommendation is durable low maintenance decorative LED Bollard. The estimated energy savings, 5 year warranty and cost of ownership provides a nice return on this investment over an extended period of time.

- Graybar - \$35,904.00
- Rexel - \$33,617.00
- K&M Supply \$33,617.00 – Recommended Selection

Douglas M. Chambers  
Public Works Superintendant
