MEMORANDUM

TO: Mayor Brennan, Vice Mayor Arena, Council Members D'Ambra, Okun and Paterno
CC: Manager Couzzo, Clerk McWilliams
FROM: Attorney Davis
DATE: November 20, 2015

RE: Agenda Item – Second Reading of Ordinance 24-15; Boat Screening Code

The following describes in detail the above referenced agenda item:

As directed at First Reading of this ordinance, I have eliminated the eight (8) foot gate option; I have clarified that hedge material can be used as a screening device; and I have prohibited chain link from being considered a screening device under any circumstances.

In addition, based on a drive through the Village with Code Compliance Officer Petrick, as well as discussions with him and the Village Manager, I have added an additional requirement that boats on trailers stored in the residential zones be no longer than 30 feet and no taller than 10 feet – excluding such things as “T-tops”, antennas and outriggers. This additional language would address the situation that currently exists at the North entrance to the country club. Note that similar boat size restrictions can be found in other “boating community” codes.
