## Letter of Introduction

To whom it may concern,

The following letter is to formally introduce our company, R & D Paving LLC. R & D Paving opened in 2012 in Lake Worth, FL. The owner, Nancy G. Rosso was a partner in Rosso Paving & Drainage for 30 years. After the company's dissolution, Nancy opened R & D Paving with her son, Matthew Donnell. The family-owned business is experienced in asphalt paving, striping, clearing/grubbing, earthwork, concrete, and other related site work. R & D Paving works with trusted subcontractors to furnish and complete signalization, concrete, underground utilities, guardrail, etc. R & D paving appreciates the opportunity to introduce our company to you and expresses our eagerness to bid any future projects.

Kind regards,

A handwritten signature in blue ink, appearing to read 'Nancy G. Rosso', is written over a horizontal line.

Nancy G. Rosso  
Owner

## Experience

### Business Organization

Full Name: R & D Paving, LLC  
Address: 400 Executive Center Drive, Suite 210. West Palm Beach, FL 33401  
Business Phone: (561) 588-6681  
Fax: (561) 284-6541  
Corporation: Limited Liability Corporation  
Certification: SBE/WBE for Palm Beach County, State of Florida, City of WPB and School Board of PBC

### Proof of Appropriate State Certifications

R & D Paving is a licensed Paving Contractor in Palm Beach County under the certification number U-21796 (see attached).

### Management Summary

The proposed annual contract will include demolition of existing concrete/asphalt, clearing/grubbing, grading, compaction, and installation of proposed asphalt/concrete. All necessary equipment to furnish

these services include asphalt paving machine, combination loader, front-end loader, mini excavator, skid steer loader, roller, and other miscellaneous equipment.

### **Business Experience/ Qualifications**

Below is a list of projects of similar nature.

Name: Lake Trail Paving Improvements  
Owner: Town of Palm Beach  
Scope of work: Bike Path/Lake Trail reconstruction and extension  
Contract Total: \$902,541.75  
Dates: May – October 2017  
Contact Person: Jeff Sanon, Project Engineer Town of PB  
Number: (561) 227-7024

Name: Australian Avenue  
Owner: Palm Beach County Construction Coordination  
Scope of work: Reconstruction of road  
Contract Total: \$699,820.90  
Dates: July 2016 – August 2017  
Contact Person: Steve O'Neil, Chief Construction Coordinator PBC  
Number: (561) 684-4180

Name: ELS Center of Excellence  
GC: Gerrits Construction  
Scope of work: Parking lot/ Sidewalk Construction and Site Work  
Contract Total: \$353,723.23  
Dates: July 2016 – July 2017

## **Insurance Information**

See attached.

SIDEWALK REPLACEMENT PROGRAM  
BID FORM Schedule A

Filing for 1 permit will be required at the Contractors cost. The permit will cover the entire sidewalk replacement program.

Proposal A

Demolition, removal, disposal and replacement of four inch (4") concrete sidewalk per square foot per location, including installation and/or removal of sand, dirt, tree roots or any obstruction as needed to meet grade. Back filling with clean fill dirt and removal of wood forms is required.

\$ 14.75 PER SQ FOOT Unit Price Figures

Proposal B

Demolition, removal, disposal and replacement of six inch (6") concrete driveway aprons and/or sidewalks per square foot location, including installation and/or the removal of sand, dirt, tree roots or any obstruction as needed to meet grade. Back filling with clean fill dirt, removal of forms and restoration of area is required.

\$ 17.50 PER SQ FOOT Unit Price Figure

Proposal C

Construction of new 4 inch (4") concrete sidewalk per square foot location, including excavation, grading and/or the removal of sand, dirt, tree roots or any obstruction as needed to meet grade. Back filling with clean fill dirt, removal of forms and restoration of area is required.

\$ 11.50 PER SQ FOOT Unit Price Figures

Proposal D

Construction of new 6 inch (6") concrete sidewalk/driveway per square foot location, including excavation, grading and/or the removal of sand, dirt, tree roots or any obstruction as needed to meet grade. Back filling with clean fill dirt, removal of forms and restoration of area is required.

\$ 14.00 PER SQ FOOT Unit Price Figures

Proposal E

Demolition, removal, disposal and replacement of four inch (4") asphalt sidewalk per square foot per location, including installation and/or removal of sand, dirt, tree roots or any obstruction as needed to meet grade. Back filling with clean fill dirt and removal of wood forms is required.

\$ 17.50 PER SQ FOOT Unit Price Figures

BID FORM Schedule A (Continued)

Proposal F

Demolition, removal, disposal and replacement of six inch (6") asphalt driveway aprons and/or sidewalks per square foot location, including installation and/or the removal of sand, dirt, tree roots or any obstruction as needed to meet grade. Back filling with clean fill dirt, removal of forms and restoration of area is required.

\$ 18.75 PER SQ FOOT Unit Price Figure

Proposal G

Construction of new 4 inch (4") Asphalt sidewalk per square foot location, including excavation, grading and/or the removal of sand, dirt, tree roots or any obstruction as needed to meet grade. Back filling with clean fill dirt, removal of forms and restoration of area is required.

\$ 15.50 PER SQ FOOT Unit Price Figures

Proposal H

Construction of new 6 inch (6") Asphalt sidewalk/driveway per square foot location, including excavation, grading and/or the removal of sand, dirt, tree roots or any obstruction as needed to meet grade. Back filling with clean fill dirt, removal of forms and restoration of area is required.

\$ 16.75 PER SQ FOOT Unit Price Figures

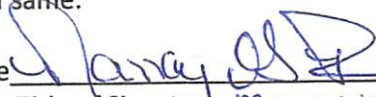

Mobilization Cost

\$ 750.00

#### ATTACHMENT "A"

There shall be no aggregate limitation to the coverage provided under any of the insurance sections stated.

##### A. Contractor's and Sub-Contractor's Insurance

The Contractor shall not be awarded work under this contract unless the insurance required under this section has been obtained. The Contractor shall not permit any sub-contractor to commence work on a sub-contract unless like insurance has been obtained by the sub-contractor. The insurance required shall contain a thirty (30) day written notice to the Village of Tequesta, c/o Project Manager, Public Works Department, 345 Tequesta Dr Tequesta, Florida 33469 of cancellation, non-renewal or material change in coverage. The Contractor will provide a current Certificate of Insurance.

B. Worker's Disability Compensation Insurance The Contractor shall procure and maintain during the life of this contract Worker's Disability Compensation Insurance as required by law for all of his/her employees to be engaged in work on the project under this contract, and in case any such work is sub-let, the Contractor shall require the subcontractor similarly to provide Worker's Disability Compensation Insurance for all of the latter's employees to be engaged in such work in the statutory amount required.

C. Contractor's Public Liability and Property Damage Insurance: The Contractor shall procure and maintain during the life of this contract, Contractor's Public Liability Insurance in an amount of not less than One Million Dollars (\$1,000,000.00) for injuries, including accidental death, each occurrence and Contractor's Property Damages Insurance in an amount of not less than One Million Dollars (\$1,000,000.00) for each occurrence.

D. Contractor's Motor Vehicle Bodily Injury and Property Damage Insurance The Contractor shall procure and shall maintain during the life of this contract, Motor Vehicle Bodily Injury Insurance (comprehensive form) in an amount of not less than One Million Dollars (\$1,000,000.00) for injuries, including accidental death to each person; and in an amount of not less than One Million Dollars (\$1,000,000.00) for each occurrence, and property damage in an amount of not less than One million Dollars (\$1,000,000.00) for each occurrence. The Contractor shall procure and maintain, during the life of this contract, Hired and Non-Ownership Motor Vehicle Bodily Injury and Property Damage Insurance in an amount of not less than One Million Dollars (\$1,000,000.00) for injuries, including accidental death, to each person; and in an amount of not less than One Million Dollars (\$1,000,000.00) for each occurrence and property damage in an amount of not less than One Million Dollars (\$1,000,000.00) for each occurrence.

**E. Owner's and Contractor's Protective Public Liability and Property Damage Insurance** The Contractor shall procure and maintain, during the life of this contract, Owner's and Contractor's Protective Public Liability and Property Damage Insurance in the name of the City in an amount of not less than One Million Dollars (\$1,000,000.00) for injuries, including accidental death for each occurrence and property damage in an amount of not less than One Million Dollars (\$1,000,000.00) for each occurrence. Such insurance shall include motor vehicle exposure.

**F. Village of Tequesta as Additional Insured:** The Village of Tequesta, including elected and appointed officials, all employees and volunteers, all boards, commissions and/or authorities and their board members, employees and volunteers, shall be named specifically as an Additional Insured with respect to the operations of the Contractor and/or subcontractor for the Village of Tequesta and a copy of an Endorsement to this effect shall be supplied for each policy involved.

## **ATTACHMENT "B"**

### **SPECIFICATIONS AND DRAWINGS**

1. The Contractor shall be responsible for the erection and maintenance of barricades, safety fences, and other safety control measures for the complete time of completion of sidewalk being replaced. During the construction period, the work area shall be secured and adequate warning notices to the public must be erected to ensure the safety of the traveling and walking public.

2. The Contractor is solely responsible for safety in all project areas. The Contractor shall erect such barricades and provide other traffic control measures, such as flagmen, as may be necessary to ensure the safety of the public.

#### **SPECIFICATIONS:**

##### **a. Concrete**

- 4" Sidewalk – FDOT Class B. 3000psi
- 6" driveway – FDOT Class A. 3500psi
- Curb and gutter – FDOT Class A.
- performed joint filler – Shall be no extruding and resilient bituminous type and should perform to the requirements of ASIM Designation D 1751.
- All material shall be certified by the producer or manufacture that the furnished materials meet the specific requirement of the specifications.
- Concrete must meet all FDOT Standards.
- Expansion material must meet all FDOT Standards.
- Handicap detectable warning shall be FDOT standard details

##### **b. Workmanship**

###### **(1) Subgrade Condition**

- The finished subgrade shall be maintained in a smooth, compact condition and any areas which are disturbed prior to placing of the concrete shall be restored at the Contractor's expense. The subgrade shall be moist at the time the concrete is placed. Water shall be uniformly applied ahead of the pouring operations as directed by the

Engineer. Large boulders and other obstructions shall be removed to a minimum depth of 6-inches below the finished subgrade elevation, and the space shall be backfilled with sand, base course material or other material or suitable material which shall be thoroughly compacted by rolling or tamping.

- The subgrade shall be accurately trimmed to the required elevation with a ¼-inch tolerance. High areas shall be trimmed to proper elevation. Low areas may be filled with suitable material and compacted to the specified density or filled with concrete integrally with the placing of the pavement.
- (2) Setting Forms: The forms shall be accurately set to line and grade and such that they rest firmly, throughout their entire length upon the compacted subgrade surface. Forms shall be joined neatly and tightly and braced to resist the pressure of the concrete and the finished operations. The alignment and grade of all forms shall be approved before and immediately prior to the placing of concrete.
- (3) Slipforming: The slipforming method will be allowed, provided that an acceptable finished product, true to line, grade, and cross section is consistently produced.
- (4) Mixing Concrete: Concrete shall be mixed in accordance with the requirement of Section 03000.

#### c. Installation

##### (1) Placing concrete:

- The concrete shall be distributed on the subgrade to such depth that, when it is consolidated and finished, the thickness required by the drawings will be obtained at all points and the surface will at no point be below the grade specified for the finished surface. The concrete shall be deposited on the subgrade in a manner which will require as little rehandling as possible. Placing of the concrete shall be continuous between transverse joints, without the use of intermediate bulkheads.
- Reinforcement shall be placed and maintained at this location during the placing and finishing operation.
- Concrete shall be thoroughly consolidated against and along the faces of all forms by means of vibrators. Vibrators shall not be permitted to come in contact with the subgrade or a side form. Vibration at any one location shall not continue so long as to produce puddling or the accumulation of excessive grout on the surface. In no case shall the vibrator be operated longer than 15 seconds in any one location.

##### (2) Striking-off, Consolidating and Finishing Concrete: Immediately after the placing, the concrete shall be struck off, consolidated and finished, to produce a finished product conforming to the existing area and or required by the drawings, Specifications and Instructions.

##### (3) Straightening and Surface Corrections: After floating has been completed and the excess water removed, but while the concrete is still in a plastic state, the surface of the concrete shall be tested for trueness with an accurate 10-foot straightedge. The straightedge shall be furnished by the Contractor. The straightedge shall be held in successive positions parallel to the walk center line, in contact with the surface, and the whole area tested from the side of the slab to the other as necessary. The advance along the walk shall be in successive stages of not more than one-half the length of the straightedge. Any depressions shall be immediately filled with freshly mixed

- concrete and struck-off consolidated and refinished. High areas shall be out down and refinished. Straightedge testing and surface correction shall continue until the entire surface appears to conform to the required grade and cross section. All surface irregularities exceeding ¼ inch in a 10 foot shall be corrected.
- (4) **Final Finish:** As soon as the water sheen has disappeared and just before the concrete becomes nonplastic, all edges, including expansion joint edges, shall be finished with an edging tool having a radius of ¼ inch, finally the top shall be given a light broom finish perpendicular to the forms.
  - (5) **Joints: Transverse Construction Joints:** Transverse construction joints shall be constructed at the end of all pours and at other locations where the pouring, operation are stopped for as long as 30 minutes. Construction joints, however, shall not be placed within five feet of any other transverse joint or of either end of a section of walk. If sufficient concrete has not been placed to form a slab at least five feet long, the excess concrete, back to the last preceding joint, shall be removed. The joints shall be formed by placing perpendicular to the profile and center line of the walk. Construction joints shall have tooled edges with a ¼ inch radius.
  - (6) **Transverse Contraction Joints:** Transverse contraction joints shall be formed at five foot intervals and shall consist of planes of weakness created by an edging tool. The cut in the fresh concrete shall be perpendicular to the surface of the walk, shall extend to a depth of 1 ½ inch below the top surface and shall have ¼ inch radius.
  - (7) **Transverse Expansion Joints:** One half-inch expansion joints shall be formed by placing performed joint filler around all structures and at intervals not exceeding 100 feet.
  - (8) **Form Removal:** After the concrete has sufficiently set a minimum of 12-hours, the Contractor shall remove the forms and shall backfill the space on each side. The earth shall be compacted and graded in a satisfactory manner without damage to the concrete work. Honeycombs shall be filled with sand cement mortar. Plastering will not be allowed on the face of the walk. Rejected walk shall be removed and replaced without additional compensation.

**INSPECTOR GENERAL** Pursuant to Article XII of the Palm Beach County Charter, the Office of the Inspector General has jurisdiction to investigate municipal matters, review and audit municipal contracts and other transactions, and make reports and recommendations to municipal governing bodies based on such audits, review or investigations. All parties doing business with the Village shall fully cooperate with the inspector general in the exercise of the inspector general's functions, authority and power. The inspector general has the power to take sworn statements, require the production of records and to audit, monitor, investigate and inspect the activities of the Village, as well as contractors and lobbyists of the Village in order to detect, deter, prevent and eradicate fraud, mismanagement, misconduct and abuses.

PUBLIC RECORDS. In accordance with Sec. 119.0701, *Florida Statutes*, CONTRACTOR must keep and maintain this Agreement and any other records associated therewith and that are associated with the performance of the work described in the Proposal or Bid. Upon request from the Village's custodian of public records, CONTRACTOR must provide the Village with copies of requested records, or allow such records to be inspected or copied, within a reasonable time in accordance with access and cost requirements of Chapter 119, *Florida Statutes*. A CONTRACTOR who fails to provide the public records to the Village, or fails to make them available for inspection or copying, within a reasonable time may be subject to attorney's fees and costs pursuant to Sec. 119.0701, *Florida Statutes*, and other penalties under Sec. 119.10, *Florida Statutes*. Further, CONTRACTOR shall ensure that any exempt or confidential records associated with this Agreement or associated with the performance of the work described in the Proposal or Bid are not disclosed except as authorized by law for the duration of the Agreement term, and following completion of the Agreement if the CONTRACTOR does not transfer the records to the Village. Finally, upon completion of the Agreement, CONTRACTOR shall transfer, at no cost to the Village, all public records in possession of the CONTRACTOR, or keep and maintain public records required by the Village. If the CONTRACTOR transfers all public records to the Village upon completion of the Agreement, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the Agreement, the CONTRACTOR shall meet all applicable requirements for retaining public records. Records that are stored electronically must be provided to the VILLAGE, upon request from the Village's custodian of public records, in a format that is compatible with the Village's information technology systems.

**IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, PLEASE CONTACT THE VILLAGE CLERK, RECORDS CUSTODIAN FOR THE VILLAGE, AT (561) 768-0685, OR AT [lmcwilliams@tequesta.org](mailto:lmcwilliams@tequesta.org), OR AT 345 TEQUESTA DRIVE, TEQUESTA, FLORIDA 33469.**
