Re: Revisions to Chapter 50 regarding tree removal and designations

The following describes in detail the above referenced agenda item:

As a result of the "banyan tree incident" which we recently resolved, the attached ordinance is offered for your consideration and action. This revises the Village's tree removal process to require a survey with the permit application, as well as coordination with the Village's arborist regarding replacement trees. This also updates notice requirements for tree designations (historic or specimen).

There is no fiscal impact to the Village.
