Fr: Attorney Davis

Re: Public Participation / Rules of Decorum Resolution

The following describes in detail the above referenced agenda item:

The attached resolution modifies the Village's existing public participation resolution by adding rules of decorum that provide the presiding officer with the ability to enforce same by having disruptive persons removed from a meeting after a verbal warning and explanation of consequences of continued disruptive behavior.

These rules are considered "best practices" and are typical of policies that can be found in many other jurisdictions. These rules, in memorandum format, were generally provided to the Council in advance of the June workshop meeting and are now before the council to be considered for adoption for all meetings of both the Village Council and its appointed boards.
